DISCOVER AUSTRALIA BY TRAIN

More than simply a mode of transport that takes you to your destination, a train journey becomes an unforgettable holiday experience. As your train weaves through the tapestry of the landscape and its rich palette of colours, others rush to their destination at 35,000 feet above, missing the wonders of the Australian countryside.

Being spirited away from the everyday on one of the great rail journeys of the world is an adventure in itself, but what lies beyond the train is very much a part of this epic experience.

WELCOME TO THE GREAT BARRIER REEF

The 74 Whitsunday Islands lie between the northeast coast of Queensland and the Great Barrier Reef, a massive stretch of coral teeming with marine life. Most of the islands are uninhabited. They’re characterised by dense rainforest, hiking trails and white sand beaches. The town of Airlie Beach on the mainland is the region’s central hub.

Cruise Whitsundays is the region’s largest and most experienced marine operator offering a range of day cruises and island resort connections.

Cruises visit the Great Barrier Reef, Whitehaven Beach and islands, and the multi-award winning Reefsleep overnight experience is one of Australia’s most unique accommodation options.

Resort Connections provide services between island resorts and the Whitsunday Coast, and connect the region’s airports arrivals and departures.

GETTING HERE:

BY AIR

If travelling to the Whitsundays from overseas, fly into Brisbane, Cairns, Sydney or Melbourne, and then book a domestic flight into one of the two airports in the Whitsundays. Brisbane offers the best range of connecting flights into the region.

The following two airports service the Whitsundays daily:

Great Barrier Reef Airport, Hamilton Island (HTI)

Located on Hamilton Island, the airport is serviced by Virgin Australia, Jetstar, Qantas and Qantas Link with flights from Cairns, Brisbane, Sydney, Melbourne and connection points beyond. Cruise Whitsundays operates ferries from Hamilton Island to transfer passengers to Airlie Beach on the Whitsunday Coast and other island resorts.

Whitsunday Coast Airport, Proserpine (PPP)

Whitsunday Coast Airport is located near Proserpine, approximately 45 minutes to Airlie Beach. The airport is currently serviced by two domestic carriers Virgin Australia and Jetstar. Buses and taxis meet every flight to transfer guests to Airlie Beach, or to ferries to the island resorts. Car and limousine hire is also available at the airport.

HEART PONTOON

Cruise through the Whitsunday Islands to the outer Great Barrier Reef and enjoy one of the world’s most stunning natural attractions.

Cruise Whitsundays operates a range of comfortable cruising vessels to Heart Pontoon and the Great Barrier Reef each day. Explore the underwater wonderland and be held in awe by the magnificent corals and abundance of fish and other marine life.

Our pontoon has a choice of areas to relax and a great range of activities. There is undercover seating and tables, sun decks, freshwater showers, change rooms and full access to the air conditioned comfort of the reef vessel. There are numerous ways to explore the reef, from the underwater observatory chamber, to the semi-submersible coral viewers, snorkelling or scuba diving.

The Heart Pontoon is adjacent to coral walls, the length of which you can explore, each with their own ecosystems with magnificent corals and a diversity of marine life found only in sheltered areas. It provides a unique world for you to discover.

Our permanently moored pontoon is located on Hardy Reef, 40 nautical miles from shore on the Great Barrier Reef – one of the most spectacular stretches of the Reef. This is the destination for day visitors, but for a lucky few, it’s a once-in-a-lifetime, breathtaking and memorable overnight experience.

Reefsleep guests travel to Hardy Reef on board our high speed modern, well-appointed vessels, arriving around 11am with the day guests.

By day, all the amazing activities offered on our Great Barrier Reef Adventures are there to be enjoyed – diving, snorkelling, swimming with thousands of fish and scenic helicopter flights. At 3pm, the day guests depart and you get Hardy Reef Pontoon all to yourself and your fellow Reefsleep guests.

Watch the sun set over the reef then see the reef really come to life in the darkness of the night. Gaze up at a million stars from a comfy swag set up on the top deck of the pontoon before the tranquillity of being in the middle of the ocean lulls you to sleep.

In the morning, guests enjoy more private time with the Reef before the day guests join. Optional guided snorkelling during this exclusive time at the pontoon with other overnight guests will see them visit very special spots – giant Maori Wrasse, spectacular coral formations, and myriad tropical fish, turtles and reef sharks all might make an appearance.

If you are not keen on swimming, there is the underwater viewing chamber where you can watch the reef wake up or jump on the semi-submersible and take a tour of the coral wall and see the Great Barrier Reef coming to life.

On day two head home with the day guests on board the reef vessel that afternoon, taking home plenty of memories and stories to tell.

GREAT BARRIER REEF ENVIRONMENTAL MANAGEMENT CHARGE (EMC)

Included in our cruise fare is a $6.50 fee per person which Cruise Whitsundays pays to the Australian Government.

It is used for the management and protection of the Reef by the Great Barrier Reef Marine Park Authority.

Cruise Whitsundays is a proud partner of Eco Barge Clean Seas, a local not for profit environmental organisation that was established in the Whitsundays region to protect our precious marine life and aquatic environment.

HIGHLIGHTS AND INCLUSIONS

• Sailing the Whitsundays to Whitehaven Beach
• Air-conditioned Sea Quest, interior Saloons and seating outside
• Morning or afternoon tea
• Swimming in the pristine waters

This fantastic half day cruise takes you past some of the Whitsunday’s most remote areas, beautiful bays, peaceful islands and onto dazzling Whitehaven Beach.

The waters of Solway Passage lead you to the world famous Whitehaven Beach, a definite must see in the Whitsundays.

The crystal clear aqua waters and pristine white silica sands stretch for over seven kilometres along Whitsunday Island, the largest of the 74 islands in the Whitsundays.

It is Mother Nature at her best – the most photographed beach in Australia and named ‘Queensland’s Most Beautiful Beach’.

You will depart from Airlie Beach and cruise via Hamilton Island to collect other guests en route to Whitehaven Beach.

Once at Whitehaven, embark on a 90 minute return hike to the picturesque Chance Bay.

Or simply soak in the sunshine and take part in this truly spectacular stretch of paradise.
Welcome to Hardy Reef, the Great Barrier Reef, where there are more than 1,600 species of fish and 1,400 species of coral to be discovered.

Cruise out on Seaflight, a large modern wave piercer, through the Whitsunday Islands with a brief stop at Hamilton Island to collect fellow passengers then across the shipping channel and into the Great Barrier Reef. The colour of the water within the Great Barrier Reef will take your breath away as you cruise up to Heart Pontoon and start your activities for the day.

Snorkel along the top of the reef platform (if tide allows) or follow the edge of the reef platform where all the best corals and fish can be seen. Then climb aboard the semi-submersible guided tour to explore the reef wall with one of our experts to learn more about the Great Barrier Reef and the corals and fish that make it amazing.

When you need a quiet moment to yourself, head down into the underwater observatory and watch the fish and snorkelers go by or look beyond to the coral wall and watch the colours change as the light changes.

When lunchtime comes around, you’ll enjoy a delicious buffet lunch onboard Seaflight with fresh local prawns, a selection of cold meats and a fabulous array of salads to choose from. Use the rest of your afternoon to relax or take one last snorkel before heading back to port with life-long memories of the Great Barrier Reef.

For the ultimate reef adventure, add an exciting optional activity (additional cost) such as a heli-flight to fully appreciate the scale and majesty of this globally-renowned living treasure. Or head below the surface with our resident dive masters who will lead the way to the underwater highlights of Hardy Reef. Discover more about the Great Barrier Reef on a guided snorkel safari or go on a guided Seabob tour outside the snorkelling area and discover parts of Hardy Reef many don’t get to see.
EXPLORE

White-sand beaches and secluded coves include The Basin, with its shallow waters, and Thomson Bay, the main hub and ferry port. Strickland Bay is known for its surf breaks, while reef breaks occur at Radar Reef, off the island’s far western tip.

ROTNNEST EXPRESS

Rottnest Express offers an extensive range of both fully-escorted and self-guided day tour packages including complimentary morning transfers from hotels in Perth, Fremantle and Scarborough, a variety of on-island activities followed by an array of lunch options. Rottnest Express’ fleet of three high-speed, ocean going ferries have been specifically designed for the local sea conditions and are widely known for their smooth, fast and safe crossings.

WHEN TO VISIT

SEPTEMBER – APRIL

Most popular time to visit the island for swimming, snorkelling and other outdoor pursuits. Whales can often be spotted from September to mid-November.

MAY – AUGUST

Temperatures are still fairly mild in winter. Winter is drier and often a few degrees warmer than it is on the mainland.

FACTS & TIPS

- Rottnest island is 11 km long by 4.5 km wide and takes approximately 3-5 hours to ride around the island.
- During summer, bays on the south offer protection in the mornings from the prevailing easterly winds. By afternoon, the famous Fremantle Doctor (afternoon sea breeze) comes in from the south-west making the bays to the north such as The Basin, Parakeet Bay and Little Armstrong Bay the most enjoyable.
